

Do you have diabetes?

If you are a plan member with diabetes, you may qualify for a OneTouch[®] blood glucose meter at no cost to you.*

How do you qualify for this offer?

- » Be enrolled in the prescription benefit plan
- » Have diabetes
- » Have a valid prescription for OneTouch blood glucose test strips. If you don't already have a prescription for blood glucose test strips, we may be able to help get one from your doctor.
- » Additional requirements or limitations may apply.

Your next steps:

1. Call the CVS/caremark[™] Member Services Diabetic Meter Team toll-free at **1-800-588-4456**.
2. Have your prescription ID number and your doctor's name and phone number ready when you call.

To learn more about this offer, please contact the CVS/caremark[™] Member Services Diabetic Meter Team toll-free at **1-800-588-4456**.

*Blood glucose meters are funded by LifeScan Inc. (OneTouch). Choice of meters is subject to change.
